

YAKOB DIBABU ASSEFA

Software Engineer

✉ dibabuyakob@gmail.com ☎ +251 900830084 📍 P.O.Box - 28769 🔄 GitHub 🔗 LinkedIn 🏆 Leetcode

EDUCATION

- B.S. in Software Engineering**, *HILCOE School of Computer Science & Technology* ⓘ 10/2023 – 05/2027
- Related Coursework: Object-Oriented Programming, Web Development, Data Structures and Algorithm, Software Requirement Engineering
- Data Structures and Algorithms, A2SV**, *Coding Academy (Backed by Google)* ⓘ 03/2025 – Present
- Developed strong mastery of data structures and algorithms, sharpened systematic problem-solving, and built the discipline required for high-stakes technical interviews and production grade engineering work.
- Back-End Web Development**, *ALX Africa* ⓘ 12/2024 – 04/2025
Remote
- Completed an intensive, project based back-end engineering program focused on Python, Shell, SQL, RESTful API design.
 - Built and deployed server-side applications using Django, implemented authentication, data persistence, and API integrations.

SKILLS

Python | Java | C++ | C# | Swift | SwiftUI | Java Script | React | NextJS | Tailwind | Django | Express | SQL | MongoDB |
Competitive Programming | Git | Github

PROJECTS

- AllerGuide** ⓘ 09/2025 – 02/2026
- An iOS app built with **Swift** and **SwiftUI** that educates users on allergic reaction symptoms and guides them through emergency Anaphylaxis response.
 - Features an **on-device AI Assistant** powered by Apple's Foundation Models Framework for real-time, context-aware allergy guidance.
- Kakraba Research Group Website** ⓘ 09/2026 – 10/2026
- **Architected and shipped responsive Next.js (App Router) and Tailwind CSS website** for the Kakraba International Research Lab at Tulane University's School of Public Health, with pages for research areas, people, publications, and conferences.
 - **Designed a data-driven content layer** that turns academic records into filterable, year-grouped views of 17 peer-reviewed publications and 62 conference presentations, with DOI linking and type-based filtering.

LEADERSHIP AND EXTRACURRICULAR

- Stanford University Code in Place** ⓘ 05/2025 – 06/2025
Remote
- Mentored **15+ students**, teaching Python.
 - Led **weekly coding sessions and office hours**, improving engagement and project completion.
 - **Guided 20+ students** to high assignment success rates through personalized support.
- Technical Team Lead** ⓘ , *Google Developer Group* 10/2024 – 02/2025
- **Led and collaborated on projects** while mentoring **20+ students** on software engineering concepts.
