## EDUCATION

### Tulane University School of Public Health and Tropical Medicine

New Orleans, LA

Master of Public Health in Epidemiology

Aug 2025 - Present

- GPA: 3.96
- Honors: Tulane University School of Public Health Alumni Association Public Health Collaborator Award Recipient (May 2026), 1912 Founder's Scholarship Recipient
- Relevant Coursework: Intermediate Biostatistics, Computer Packages (SAS, REDCap, STATA), Epidemiologic Methods II, Survey Methodology, Cardiovascular Disease Epidemiology, Observational Epidemiology, Design Strategies in Public Health Programs, Meta-Analysis

### University of Ghana

Accra, Ghana

Bachelor of Medicine and Bachelor of Surgery

Sep 2016 – Nov 2022

- Relevant Coursework: Community Health, Biochemistry, Anatomy, Physiology, Medicine, Surgery
- GPA (Total Undergraduate Semester Credits: Year 1-Year 3): 3.34
- GPA (Total Professional Semester Credits: Year 4-Year 6): 3.42

## PUBLIC HEALTH EXPERIENCE

### New Orleans Health Department (OCEPE)

New Orleans, Louisiana

Health Inequity, Policy Analysis, and AI Intern

Sep 2026 – Present

- Contribute to the Predicting Policy-Driven Health Inequities project, which uses artificial intelligence to estimate the health equity impact of local policies before they are enacted.
- Lead the conceptual track of the project, building the causal pathway that links racialized attitudes and policy decisions to social determinants of health and downstream health inequities.
- Synthesize evidence on structural racism, social determinants of health, and systems thinking into literature matrices, evidence tables, and annotated reading lists to guide model design.
- Apply public health theories, including fundamental cause theory and ecosocial theory, to identify leverage points and recurring concepts for policy analysis.

### Kakraba International Research Lab

New Orleans, Louisiana

Graduate Research Assistant

Sep 2026 – Present

- Contribute to interdisciplinary research applying epidemiologic, statistical, and data-driven methods to clinical and population health questions.
- Support literature review, data management, and analysis for lab projects in collaboration with an interdisciplinary team of researchers.

### Check It NOLA Study, Tulane University

New Orleans, Louisiana

Research Assistant on the Project:

Aug 2025 - Present

Check-It NOLA: A Seek, Test, and Treat Intervention to Reduce Chlamydia trachomatis and Gonococcal Infections Among Black Youth Living in the Deep South (R01 NIH/NIAID; PI Kissinger)

<https://www.checkitnola.com/>

- Administer structured epidemiologic questionnaires to study participants as part of a community-based STI prevention study focused on reducing chlamydia prevalence among Black populations.
- Conduct participant outreach and follow-up, including scheduling study visits and coordinating retention efforts to support longitudinal data collection.
- Assist participants with biological sample collection following standardized study protocols to ensure data quality and participant safety.
- Perform accurate data entry, cleaning, and verification to support high-quality epidemiologic analyses.
- Support data management activities, including organizing study records and maintaining confidentiality in accordance with human subject's research and IRB requirements.

## ADDITIONAL WORK EXPERIENCE

## **Holy Family Hospital**

Senior House Officer (Medical Doctor)

Techiman, Ghana

Jun 2024 – Jun 2025

- Managed inpatient and outpatient care for patients with communicable and non-communicable diseases in a resource-limited clinical setting.
- Supervised junior house officers and medical students, ensuring adherence to clinical protocols and quality-of-care standards.
- Requested and interpreted diagnostic investigations to guide evidence-based clinical decision-making and patient management.
- Supported implementation of public health-oriented interventions, including health education and preventive care, within routine clinical practice.
- Adapted clinical management strategies to resource constraints while maintaining patient safety and quality of care.

## **KorleBu Teaching Hospital**

House Officer (Medical Doctor)

Accra, Ghana

May 2023 – May 2024

- Conducted comprehensive patient assessments, including history taking and physical examinations, to support diagnosis and management of acute and chronic conditions in a tertiary care setting.
- Participated in hospital-based screening programs, including antenatal screening for HIV, Hepatitis B, and syphilis, contributing to early detection and prevention of mother-to-child transmission.
- Assisted in disease surveillance activities by documenting clinical findings, laboratory results, and outcomes in patient records to support continuity of care and monitoring of disease patterns.
- Collaborated with multidisciplinary healthcare teams to implement treatment plans and preventive interventions aligned with national clinical and public health guidelines.
- Provided patient education on disease prevention, medication adherence, and health-seeking behaviors, with attention to sociocultural factors influencing health outcomes.

## **OTHER RESEARCH EXPERIENCE**

- **Systematic Review and Meta-Analysis on Outcomes of Valvular Heart Surgery in Africa (2024)."**  
Co-authored a peer-reviewed publication in the *World Journal of Surgery* synthesizing evidence on postoperative outcomes of valvular heart surgery across African settings. Contributed to literature search, study selection, data extraction, and critical appraisal, with interpretation of findings in relation to cardiovascular disease burden and health system capacity in low- and middle-income countries.
- **Undergraduate Dissertation: Knowledge, Attitudes, and Perceptions Related to Sexually Transmitted Infections among Students of the Accra School of Hygiene (2022).**  
Designed and conducted a cross-sectional study to assess STI-related knowledge and health-seeking behaviors, including developing data collection tools, addressing ethical considerations, and analyzing findings to inform public health interventions.

## **LEADERSHIP AND SERVICE EXPERIENCE**

### **Tulane African Students Association**

Vice President

New Orleans, Louisiana

Aug 2026 – Present

- Support the planning of cultural, academic, and social programs, and represent the interests of African students to university offices and partner organizations.

### **Tulane University School of Public Health and Tropical Medicine**

Student Safety and Graduate Housing Representative

New Orleans, Louisiana

Aug 2026 – Present

- Represent graduate students on campus safety and housing concerns, relay student feedback to school leadership, and share safety and housing resources with peers.

### **KorleBu Teaching Hospital, Department of Obstetrics and Gynecology**

Chief House Officer

Accra, Ghana

Nov 2023 – May 2024

- Coordinated daily clinical activities and supported communication between consultants, residents, and house officers to ensure efficient patient care and workflow.

**KorleBu Teaching Hospital, Department of Obstetrics and Gynecology**

Accra, Ghana

Assistant Leader, Internal Medicine House Officers

May 2023 – Nov 2023

- Assisted in organizing duty schedules and mentoring junior house officers to promote adherence to clinical protocols and continuity of care.

**LICENSURE / CERTIFICATION**

**Licensure:** Medical and Dental Council of Ghana, Registered Medical Practitioner

**Certifications:** CITI Good Clinical Practice; LA CaTS Research Coordinator Training Program (Levels I, II, and III); OEHS Food Safety Certificate; Ethics Training for Public Servants, Louisiana Board of Ethics; Security Awareness Foundations (SAF), City of New Orleans

**SKILLS**

**Languages:** English (Native)

**Statistical Software:** SAS, STATA, RStudio, SPSS

**Data Systems:** REDCap, Microsoft Office Suite

**SCIENTIFIC PUBLICATION**

Akintoye O, Musa A, Gyau-Ampong C, Usamah B, Olakanmi D. A systematic review and meta-analysis on outcomes of valvular heart surgery in Africa. World J Surg. 2024 Jan;48(1):228-239. doi: 10.1002/wjs.12019. Epub 2023 Dec 15. PMID: 38284764.
