September 2025 - Present

- Enrolling study participants (contributing to 250+). Entails consenting and offering free STI testing and aiding clinical operations by ensuring strict adherence to research protocol.
- Perform consistent follow-up via calls and texts daily to maintain participant retention and deliver test results.
- Collaborating with Crescent City Pharmacy to supply medication for participants with positive test results and expedited partner treatment (EPT).
- Facilitating referrals to Ruth Fertel Clinic for ongoing care per study protocol and reporting positive STI cases to the Louisiana Department of Health per state regulations.

National Malaria Elimination Program

Accra, Ghana

National Supervisor

July 2023 and July 2025

- Coordinated and supervised 3 regional and 12 district supervisors to ensure effective administration of seasonal malaria chemoprophylaxis (SMC) to at-risk children during Ghana's rainy season.
- Achieved comprehensive SMC coverage through meticulous planning, technical support and project tracking.
- Monitored field workers' performance to guarantee accurate delivery of chemoprophylactic agents to children, offering real-time guidance to maintain high standards of malaria prevention.

National Malaria Elimination Program

Accra, Ghana

Clinician

November 2024 - November 2024

- Analyzed patient folders in the "Mapping of Critical Pathways for Drivers of Malaria Related Mortality in Ghana" study, identifying gaps in healthcare provision and administration across selected hospitals and health centers to enhance malaria mortality prevention strategies.
- Conducted interviews with health workers and patients' relatives to uncover barriers to effective management of severe malaria cases, contributing actionable insights to improve clinical outcomes.

Noguchi Memorial Institute for Medical Research

Accra, Ghana

Field Data Collector

November 2021 - November 2021

- Collected qualitative and quantitative data in communities for a study titled "Strategies for the End Game: Targeting Infections among the Nontreated for the Elimination of Lymphatic Filariasis in Ghana."
- Spearheaded interviews and questionnaire surveys with study participants, transcribing qualitative interviews to support accurate data analysis for research objectives.

CLINICAL WORK EXPERIENCE

Ga East Municipal Hospital

Accra, Ghana

Senior House Officer - Pediatrics and Surgery

June 2024 - June 2025

- Executed patient assessments and diagnostic tests to implement clinical and public health interventions, managing and preventing diseases in a high-volume healthcare setting.
- Partnered with interdisciplinary hospital team to develop in-hospital patient education materials.
- Collaborated in major and minor surgical procedures for patients, performing select operations to support surgical teams and enhance patient care efficiency.

Korle-Bu Teaching Hospital

Accra, Ghana

House Officer - Medicine and Obstetrics & Gynecology

May 2023 - May 2024

- Conducted patient assessments and diagnostic tests under supervision of residents, implementing clinical and public health interventions to manage and prevent diseases in a high-volume hospital setting to enhance patient outcomes.
- Executed major surgical procedures by assisting surgical teams under supervision, contributing to patient care quality and improved outcomes.

LEADERSHIP AND SERVICE EXPERIENCE

Assemblies of God Church

Ridge, Ghana
